It has no superior and few equals. W. H. Chedie, Druggist.

ALL SORTS.

Mrs. Haines of Seattle is a guest of Mrs. Senator Stewart.

James Judge of the firm of Rives and Judge of Eureka is in the city.

People who have recently borrowed books from this office will please return them.

Dr. Lee was called to the lake by telephone yesterday to attend Mr. Robinson who is dangerously ill.

All sorts of rumors were in the air yesterday regarding the judgeship but none could be deemed reliable. The APPEAL believes that Bartine will be appointed in a few days.

From the fact that the sages are six weeks behind in their latecomer and numerous other signs, the Indians predict a short mild winter, and will not begin stealing wood until November.

Thomas Meyers, son-in-law of C. W. Friend, had his hand caught in the machinery of the Holmes mine on Friday and was badly injured. This is the second time he has received similar injuries.

The APPEAL is informed that the fashion in ladies night-gowns is changing. We haven't noticed any for the last ten years. Anyone noticing any decided change will please report at once to this office.

Some of the State papers have expressed doubt regarding Mr. Rickey estimate of his cattle losses, and is holding the APPEAL responsible for the misstatements. Mr. Rickey is alone responsible for his statements and he was not misquoted by the APPEAL.

The mail system between here and Virginia City is abominable, and complaints as to the way the Virginia office is run are numerous. Cases are known where letters have lain from 3 to 8 days in the office notwithstanding the fact that application for such letters were made daily.

After the Kemmler execution, the APPEAL suggested asphyxiation as the most painless method of disposing of criminals, and now several eastern physicians are recommending the same thing.

It will if adopted prove to be the quickest and most painless of all deaths.

Chris. Buckley is in politics for his health, at least so the Examiner would imply from the following respecting Pond's nomination:

It was accomplished without a single trade or bargain, no vote went to him in exchange for promised patronage, no handler of delegations or political attorney went to his support.

COAST NEWS.

A vicious ram at Merced attacked Mrs. McSwain, aged seventy years, Saturday. Her left leg was broken and she was badly cut about the face.

The Marysville Drift Mining Company which has been working part of the Blue Point mine at Marysville, Yuba county, has closed down with \$6,000 liabilities.

J. B. Hoff of San Diego, the owner of large asbestos beds, has discovered an inexhaustible supply of mineral paint in Lower California in the Tepepete Mountains.

Geo. T. Meyers salmon cannery at West Seattle was totally destroyed by fire Sunday.

By the burning of a barn at Sacramento Saturday, three horses lost their lives.

Joseph N. Goode and John Noble, butchers at Madera, are under arrest for stealing cattle.

Micah Harrington, a track-walker on the section between Alviso and Newark, on the narrow gauge, was drowned Sunday at the drawbridge north of Alviso.

Washouts on the Atlantic and Pacific and Santa Fe in New Mexico, have caused several accidents but none of a more serious character than the derailment of cars.

A rancher named Quinn, living 12 miles west of Livingston, Mont., Saturday, killed his wife and five children with an axe. Their bodies were horribly mutilated. The man was crazy and when discovered was eating an arm of one of his children. He was killed in an attempt to secure him.

HARRY JOHNSON DEAD.

The Fastest Sprinter in the World Ends His Life Race.

On Sunday last, Harry M. Johnson, the fastest 100 yards runner in the world, died in San Francisco of peritonitis. A few weeks ago he was in this city and at the Agricultural track lowered the world's record at 125 yards. He was a man of wonderful physique and at one time was exhibited as a model at the Boston School of Anatomy. He did not impress one with his clothes on but when stripped he looked like the pictures of the old Greek gladiators. He had the deep chest, lean back and sinewy thigh of a great runner.

His greatest race was when he beat the champion of England. His backers won \$27,000 in less than 10 seconds.

While in this city he told the writer that he longed to see the day when he could cut loose from professional foot-racing. He showed the picture of his wife and children and said that every day away from them was the keenest misery. He was counting on joining them as soon as he could make a match, but his record as a fast runner followed him everywhere and he could get no race. His very proficiency at his calling barred him from making a living at it.

He was regarded as one of the few sprinters who would not throw his backers and he was a writer of ability having held several lucrative positions on various papers. While sick at Grass Valley he wrote to a friend in San Francisco:

"Don't ever be a professional runner," said Johnson. "You can not make 100 yards in 9.45 seconds and not leave your conscience behind you. It can't keep up, somehow. And then you know there are other temptations that follow in your wake, get in between you and conscience, don't you know, overtake and overcome you. I have made lots of money this way, but it is not good money and does not stick by all. I wish to God that I had it all in my hands now, that I might return it to its proper place, and that I might go home and be a boy again and begin my life all over. I would never put on a spiked shoe and never stand on the cinder path."

Death of Col. Bishop.

News was received in Carson yesterday of the death of W. W. Bishop in San Francisco.

The deceased was practicing law in San Francisco at the time of his death. He resided for twenty-five years in this State and was a recognized party leader among the Republicans. He was an orator of great ability and had a style of speaking wholly his own. He stumped the State in several campaigns and wherever he was announced to speak there was a crowded house. He was a man of strong likes and dislikes and never backward in expressing his candid opinion of anything or anybody. He had the supreme quality of pluck largely developed.

His death calls to mind a thousand memories of the early political struggle in Nevada in which he was a central figure.

He was an uncle of Doctor Lee of this city.

For Treasurer.

Leslie Bell is out with an announcement that he is a candidate for County Treasurer. Mr. Bell is well known in this county as a square Republican and one that would make a good run. If nominated, the Democrat who collared him would have to keep up nights.

NOTICE.

There will be a meeting of the Ancient Order of Foresters at Dr. Calhoun's Dental Parlors, at 9 o'clock every Friday evening. All persons desirous of affiliating with this Order are invited.

By order of the Committee. a261m HENRY HUFF.

DISSATISFIED EMPLOYEES.

Reported to be Contemplating a Strike.

Last Saturday's Truckee Republican says: The demand of the brakemen and conductors of the Southern Pacific Company for better wages has not yet been given extended notice by the press, and but little notice has been taken of it by the public. The situation is, however more serious than reported. The Republican was to-day informed that all of the brakemen and conductors are in the fight and the demand for higher wages extends over the entire S. P. system. It was reported in the papers that the dissatisfaction existed only on one division. This is not true—all of the divisions are in the fight from Ogden to El Paso. A committee of one representative from each division is now in San Francisco, urging the demand. In case of a refusal of the demands, or of a compromise, a strike will be ordered which will call out brakemen, conductors, firemen, engineers and switchmen and will involve the entire Southern Pacific system. It will be the most stupendous strike ever witnessed on the coast. The situation is really serious.

The Enterprise of yesterday morning reports the Comstock lode in the most distressing state that it has known for years. It seems to need a stiff market to bring it out of its troubles.

WHAT ON EARTH—Is the reason people will not, cannot, or do not see any difference in cheap nostrums put up by Cheap John houses, or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing.—W.
